DisCo 2020 offers a platform for scholars, researchers, pedagogical staff, students, educational startups, educational NGOs, and experts from the private and public sectors, through which they can join the discussion on topics connected to the use of cutting-edge technologies in education and learn how to use these technologies for developing student competencies.

Thanks to financial support from Central European Initiative (CEI) 15 selected speakers from CEI countries (Albania, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Hungary, Italy, Moldova, Montenegro, Northern Macedonia, Poland, Romania, Serbia, Slovakia, Slovenia, and the Ukraine) will have their travel expenses reimbursed with the limit up to 320 Euros, and will receive free accommodation in Hotel Oya/Otar.

DisCo 2012, and 2014-18 proceedings have already been indexed in the Clarivate Web of Science database. DisCo 2019 is currently undergoing the process of evaluation. The 2020 conference proceedings will be sent for evaluation with the aim of their inclusion into the Web of Science as well. Therefore, a primarily scientific approach is required, and the authors' added value should be evident in these papers. Citations of the Web of Science and/or Scopus sources are highly recommended. Selected papers will also be considered for further elaboration and publication in selected magazines, such as AULA, Ricercazione, Applied Technologies and Innovations or Perspective of Innovations, Economics, and Business.

For more information, see **www.disconference.eu**

Note: Special conference fee for BA/MA/Ph.D. students applies.
Start-ups do not have to write conference papers, only abstracts are required.
